Dear Parents,

As I am sure that you are aware, the situation regarding The COVID-19 virus in the UK has now escalated significantly.

The number of people within the school community who are self-isolating is increasing daily. This includes members of the school staffing team - some of them because they fall into the 'vulnerable' category, and some because members of their family are displaying symptoms of the virus. For this reason, I want to forewarn you that in the instance of significant staff shortages, for operational and health and safety reasons, the school will:

- Partially close in the first instance. Parents of affected classes will be contacted through the text and email system as soon as is possible. This may be at extreme short notice
- Fully close – only when we do not have enough staff to operate.

It is our intention to remain open for as long as we are able, while maintaining a safe environment for children and staff alike.

The health and well-being of our children and staff is our highest priority. Please note that it is your responsibility as a parent and member of the community to follow the government directive and avoid all unnecessary social contact with others. If any member within a household develops any of the COVID-19 symptoms – high temperature and/or cough, there is now a requirement for **whole household isolation for 14 days**. Should your child become unwell whilst in school, please support us by being available to collect your child at short notice.

****Please note – we will not be able to accept any child into school if there is known information around any household member showing either of the key symptoms.***

Please also support us by ensuring that the school office have up-to-date contact information. If your child will not be attending school, please notify the office as soon as possible and the absence will be recorded for the full 14 day period – you do not need to call every day.

In order to support families who are self-isolating, and in the event of partial or full closure, we are putting together support for home learning, which will include a comprehensive list of websites and downloadable resources for each year group. These will be shared via email to parents within the next 24 hours.

We will continue to update you regularly as the situation progresses.

Thank you for your continued support during this challenging time.

Yours Sincerely,

Mr Joss Andrews
Headteacher
