| | <p>The children this year have been able to access a wide range of new and established sports thanks to our links with these clubs and governing bodies, raising the importance of physical activity. Many children have benefitted from the structured play (Funzone) at lunchtime run by our Year 6 play leaders (who received two morning training sessions from the school sport partnership) and this has had an impact on lunchtime behaviour. It has also encouraged other Lunchtime Supervisors to engage the children in their own activities such as skipping, football or cricket. The play leaders also helped with a Year 2 transition sports morning. The Strachan apprentices have also run successful lunchtime activities and afterschool physical activities within Kidzone (our after school club)</p> <p>We have invested in The 'Real P.E.' approach to P.E. and sport teaching which is skills progression based learning. The level of challenge for the more able children and the self-assessment tools enables the children to take real ownership of their own development. All year groups are now following it. The children thoroughly enjoy the lessons and have gained in self-confidence, teamwork, coordination and spatial awareness skills through the real P.E. approach.</p> | | |
